WOULDN'T TAKE FRIEND'S CAR TO RIDE TO CAPITOL

(By United Press)
 BUENOS AIRES, Oct. 13—President Irigoyen, who was inaugurated yesterday, turned down the offer of an automobile, of which a friend wanted to make him a present. It wasn't so much the rejection of the gift, for in this respect most Argentines think he was quite right, as the manner in which he did it that attracted attention.

The machine was the product of the only auto factory in Argentina, owned by Horacio Anasagasti. This individual's father was a close personal friend and political supporter of Dr. Irigoyen. He also gave large sums to the Radical party, of which Irigoyen is the head. The son has known the president-elect since the former was a little boy. Recently he sent an automobile to the doctor, with a message to the effect that it would give him supreme delight if Irigoyen would ride in it to the capitol when he was inaugurated, a trip which the president-elect had already announced he would make in a street car.

In returning the machine to Don Horacio, the doctor sent this message: "Any time I want an automobile, there are plenty of taxis I can hire in Buenos Aires."

REV. KENNEDY SPEAKS

UNCLE SAM WILL BE CALLED ON TO FINANCE SETTLERS

(By United Press)
 EL PASO, Oct. 13—Whether it is within the province of the National Government to furnish funds for settlers on the unsettled lands of the United States will be one of the vital questions discussed when the International Irrigation Congress meets here tomorrow.

It has been held that if the Reclamation Act of 1902, under the operation of which most of the reclamation work throughout the United States is being done, is to be made really effective, something more must be done under its operation than the mere building of dams and the digging of ditches.

In the early days of the reclamation of arid lands by means of irrigation under direction of the United States Reclamation Service, it was believed sufficient to build the dams, dig the ditches and provide the water.

It has since been found that this has not been enough to insure the success of the settler.

Too many of the settlers attracted to the reclaimed lands have failed through lack of capital. It is now believed that it is necessary not only to provide moisture for crops but to finance the settler on irrigation lands until he can earn his living and pay for his land while it is being brought under cultivation.

Selfishness

A California woman complains that the British government has seized mail sent to her containing money. She seems not to be pleased.

Even brief reflection would convince the lady that England needs money.

EAST AND MIDDLE WEST TO SCRAP; FOOTBALL PRESTIGE

NEW YORK, Oct. 13—Aside from the interest which always centers in the activities of Yale, Harvard, Princeton, Cornell, Dartmouth and the other top-notch football teams of the east, Illinois university and Colgate university will hold the attention of football followers when they meet tomorrow at Urbana, Ill.

This will be the first meeting of Illinois and the husky easterners, who have been considered for some time one of the east's most powerful reasons why it should be counted first in football. Last year Colgate went the season with only one defeat. In fact, the team was not scored upon save in its final game with Cornell, which it lost by a top-heavy score. The Army and Yale teams were two of its victims. Illinois split the honors of being big nine champions last year with Wisconsin, so the east and west will be sending two of the most powerful teams against each other.

Leigh, which hasn't done anything so far, will be Yale's opponent tomorrow, and Harvard will battle a southern team, North Carolina. Cornell has Williams for its entertainment at Ithaca, and Princeton will go into what probably will be the hardest fought game of the afternoon when it tackles Tufts at Princeton.

Notre Dame, another high standing team in the west, will battle the Haskell Indians at South Bend and Nebraska will tackle the Kansas Aggies at Lincoln.

F. E. CHAFFEE NAMED MEN'S CLUB LEADER

The meeting this week of the First Baptist Church Men's Club was of special interest, as it was the first meeting of the organization following the summer holidays, and was resolved into a get-together meeting to outline and plan for the coming season's work.

At the suggestion of the pastor, Rev. Stevenson, and after a discussion in which many of the workers of the club joined, it was decided to take up and carry forward the "Five Year Plan" of the Northern Baptist Convention. The remarks of the speakers were characterized by a deeply spiritual vein which would seem to indicate that the men are ready for an earnest and industrious year's work for the club, and for the church.

Regrets were expressed that the president for the past year, J. S. Runyan, expects that he may not be able to be here during a part of the coming year, and asked that he be not chosen as the president for the coming year.

The officers chosen for the year were: F. E. Chaffee, president; J. S. Runyan, vice-president; John Newcomer, secretary, and W. L. Innes, treasurer.

A light supper was prepared and served by the men, under the direct charge of J. B. Ramsey.

PIONEER IS DEAD

LOS ANGELES, Oct. 14.—The funeral of Mrs. Maria C. de Arnaz, who died at her home in Havenhurst drive Wednesday, was held this morning from the Church of the Blessed Sacrament. She was a member of one of the oldest families of California and the widow of Dr. Jose de Arnaz, who won fame by accompanying the American troops in the war with Mexico. Mrs. de Arnaz was born in 1848 on the ranch of her father, Don Juan Camarillo, in Ventura county.

ASSURANCE GIVEN LYCEUM'S COURSE TO BE HIGH CLASS

One glance at the list of numbers on the Lyceum course this winter will dispel any doubt as to the high and varied character of the entertainments. Here is the complete list with dates on which they will appear at the Grand Opera House:

1. "The Killarney Girls and Rita Rich," Oct. 26. Six charming girls, presenting, in costume, Irish songs and folk lore.

2. "The Regniers," Nov. 14. Their own sketch, consisting of vocal and instrumental music, as well as impersonations by Mr. Regnier.

3. "The American Quartet," Nov. 29, featuring Clayton Conrad, cartoonist.

4. "Thomas Brooks Fletcher," Jan. 4, the great dramatic orator.

5. "Dr. Charles E. Barker," Jan. 23, ex-President Taft's physical advisor, in "How to Live One Hundred Years."

6. "Schildkret's Hungarian Orchestra," Feb. 21.

7. "Adrian M. Newsens," April 22, who occupies the front rank among interpretive readers.

In a statement to the public announcing this year's course, the committee says:

It is with reasonable pride the Lyceum committee announces the course of seven numbers for 1916-17. All of the attractions are of unusual high caliber. Moreover, the committee believes the difficulty of selecting a

course which will satisfy the varied tastes of patrons has been successfully met. And the price—but that good news deserves a separate paragraph.

Each number of this series is a guaranteed attraction. Some of the talent is already known to you. Schildkret's Hungarian Orchestra won your approval last summer. Thomas Brooks Fletcher made so good last year that he is to be repeated this winter with a different lecture, news of which will no doubt please all who heard him last year. And then there is Newsens, who alone is worth the price of the season ticket, not to mention any of the rest, who are just as great in their respective fields.

Last year the season tickets for the five numbers were \$2, with \$1 student tickets. This year—and here is the good news—there will be seven numbers of the same high quality at the same price.

We believe you realize the Lyceum course is not run as a money-maker. It is not a private enterprise. It belongs essentially and entirely to the citizens of Santa Ana. If there is a single dollar left in the treasury at the close of the series it will be applied in buying talent for another year. The course last year cost \$1200. This year's course will cost \$1200. Consequently a larger number of season tickets must be sold this year to guarantee the financial success of the course. And we are sure, with the enthusiasm of last year's audiences as an impetus, the larger number of season tickets will be easily sold.

The Lyceum course serves not only as a public forum through which the best of modern educational and inspirational ideas are given to the public, but its value as a regulator and elevator of standards in entertainment make it a medium of moral value which we cannot well afford to be without.

We ask for your endorsement, not only with your financial support, but with words of praise to your friends who may not know the Lyceum or understand the purpose.

Respectfully,
 E. H. MATH,

 J. A. CRANSTON,

GIVES UP BANQUET IN ORDER TO GIVE \$65 TO BELGIANS

FULLERTON, Oct. 13.—The Woman's Club held the second meeting of the year at the high school club rooms Wednesday, with Mrs. W. T. Brown, Mrs. H. W. Daniels and Mrs. Hartley Daniels as hostesses. Mrs. Willoughby Rodman, chairman of the California Committee for the Relief of Belgians, spoke on the urgent necessity of relief being sent to that destitute nation of 9,000,000 souls.

The committee is striving to have California food Belgium for only one day, which costs \$70,000, as a Thanksgiving offering. No one who hears Mrs. Rodman's plea can fail to realize somewhat the terrible conditions in Belgium. She is personally acquainted with conditions, having visited the country.

It has been the custom of the Woman's Club to celebrate the anniversary of the club with a banquet in November. After the appeal of Mrs. Rodman, the committee which has the anniversary in charge held a conference and presented a motion that the club deny itself a banquet this year and send the \$65 usually expended to the Belgians. The motion was unanimously carried. A committee also began work for personal monthly subscriptions to the fund.

Miss Maxwell was elected president of the club for the year, to fill the vacancy made by Mrs. Clarence Parker's removing from the city.

The program for the evening was in charge of Miss Vertrees, who took all present on a most interesting imaginary trip through South America and its many countries. Miss Vertrees made all realize more fully the future possibilities of this continent.

Miss Wishard gave a beautiful violin solo and responded to an encore. After adjournment a social hour was enjoyed by all, during which time the hostesses served tea and cakes.

Many people fail to realize that the common habit of coffee drinking may, sooner or later, handicap ability and hinder progress.

It is a scientific fact that coffee contains a harmful drug, caffeine, which with many, through regular use, causes nervousness, headache, heart flutter, or other annoying ills.

The wise move is to quit coffee and use

DRY QUESTION STIRRING BREATH

Incorporation Proposal Brings Up the Possibility of Having a Saloon

BREA, Oct. 13.—A hot wet and dry campaign is on around the city of Brea and the immediate vicinity. Brea is making preparations for incorporation and it has been stated that the incorporation idea will carry with it the establishment of a saloon in the flourishing little oil community. A year ago the subject of incorporation was up but was voted down. At the coming election a spirited fight is promised over incorporation.

R. T. Hatfield arrived here from Bradford, Pa., a few days ago and has secured a place with the Union Oil Company. Mr. Hatfield is a brother of the former foreman of development, Guy Hatfield, and an experienced eastern oil man. Mr. Hatfield is finding it interesting to compare methods and modes of procedure of the eastern and western fields.

Ellwood J. Munger is completing a handsome new seven-room bungalow on Pomona avenue north of Brea. The new home is one of the most attractive on the boulevard.

A. H. Brown, superintendent of production for the Union Oil Company, and C. W. Peck, the company's production clerk, made a fast trip by auto to Balboa a few evenings ago. Balboa and Newport are favorite resorts with the oil men.

It is rumored that B. F. McElhaney, one of the best known young men in Brea, was quietly married one day last week.

A. N. White moved one of his cottages from Placentia to the Union's Graham-Lottus lease a few days ago and will establish his residence on the company's property.

The Yorba Oil Company is making preparation for the abandonment of the wild-cat well near the little town of Yorba. The well has been watched with considerable interest by oil men here as the location is several miles east of the present proven territory. The well was drilled close to 4000 feet and only a slight showing of oil was ever noticed.

'EVILS OF DRINK' WILL BE PICTURED

There will be presented in the United Presbyterian church of Santa Ana at 8 o'clock Monday night the 4-reel motion picture entitled "Evils of Drink."

The program will be given under the auspices and for the benefit of the local Dry Federation, which has asked the support and attendance of every church membership in the city. In addition to the picture, "Evils of Drink."

there will be given a couple of reels of good, clean pictures of a lighter subject for the children present; also vocal and instrumental selections and probably one or two 5-minute addresses by prominent citizens.

"Evils of Drink" is a gripping drama filmed by the Pathe company and brings out in an emphatic manner the terrible curse of alcoholism. The story itself has moved to tears the hearts of vast audiences all over the land and turned many into the ranks of dry advocates. A hearty and cordial invitation is extended by the committee to the entire community and surrounding territory, regardless of their affiliations, to be present and a packed house seems to be assured. ELECTION PROCLAMATION

Executive Department,
State of California.

I, HIRAM W. JOHNSON, Governor of the State of California, do hereby proclaim that a general election will be held on **TUESDAY, THE SEVENTH DAY OF NOVEMBER, 1916**, at which the following offices are to be filled:

Twelve electors of President and Vice President of the United States;
Member of the House of Representatives, District of the State;
State Senator from each of the following Twenty Senatorial Districts in the State: First, Fifth, Seventh, Ninth, Eleventh, Thirteenth, Fifteenth, Seventeenth, Nineteenth, Twenty-first, Twenty-third, Twenty-fifth, Twenty-seventh, Twenty-ninth, Thirty-first, Thirty-third, Thirty-fifth, Thirty-seventh and Thirty-ninth Districts; and also State Senator from the Eighteenth Senatorial District for the unexpired term of D. J. Beban, deceased.

Member of the Assembly from each of the Eighty Assembly Districts in the State;

Judge of the Superior Court in the respective counties of Santa Clara, San Bernardino, Tulare, San Francisco, Stanislaus, Glenn, Solano, Riverside, Kern, Alameda, Colusa and Los Angeles, the number to be elected to each office in each of said counties in which such election is to be held, both for the regular term and for the unexpired term thereof, being such as is prescribed by the Constitution and laws of this State;

Also such state county township district or other offices as are provided by law to be filled at such election.

I also proclaim, in pursuance of the provisions of section 4 of Chapter 414, Statutes of 1915, that in said election there will be submitted to the vote of the electors the following act of the Legislature providing for the issuance of bonds to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people, approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D. 1910, and known and cited as the "State Highways Act."

And certain extensions thereof, specifying the work to be done and the fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

Section 1. The fund created for the construction and acquisition of a system of state highways by an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for money expended thereon; providing for the issuance and sale of state bonds to create a fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D. 1910, and known and cited as the "State Highways Act," and certain extensions thereof, specifying the work to be done and the fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people.

The said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the third day of July next, and shall be paid on any of said bonds for such time as may intervene between the date of said bond and the date of sale thereof, unless such coupons shall have been, by the purchaser of said bond, paid to the state at the time of sale thereof, in which case the state shall be relieved of the obligation to pay such coupons.

Sec. 4. When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such directions as he may deem proper to do, through and by a resolution duly adopted and passed by a majority vote of the assembly, and the department of engineering and the state controller shall specify the amount of money which, in the judgment of said department, shall be paid to the state treasurer for the sale of such bonds, and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money, and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money, and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money.

There is hereby created in the state treasury a fund to be known and designated as the "Second State Highway Fund," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund."

Sec. 6. The principal of all said bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund."

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all moneys received under this act and they shall transmit to the governor in triplicate an abstract of such account and record, with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially, and the other copy to be by the governor, laid before each house of the legislature biennially, and the other copy to be by the governor, laid before each house of the legislature biennially.

Sec. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character and be subject to the same rules and regulations as to the matter provided for in this act shall, at all times, be open to the inspection of any person interested in the highway, and the state controller and state treasurer shall transmit to the governor in triplicate an abstract of such account and record, with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially, and the other copy to be by the governor, laid before each house of the legislature biennially.

Sec. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1916, and all provisions except those relating to the people and for the returning, canvassing and proclaiming the votes, and as to such excepted provisions this act shall take effect ninety days after the final adjournment of the present session of the legislature.

Sec. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be held in the month of November, 1916, A. D., and all ballots at said election shall have printed thereon, and at the end thereof the words "For the amendment to the state highway act," and in a separate line, under the same, the words "Against the state highway act," and in a separate line, under the same, the words "For the state highway act," and in a separate line, under the same, the words "Against the state highway act," and in a separate line, under the same, the words "For the state highway act," and in a separate line, under the same, the words "Against the state highway act."

Sec. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as provided for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrevocable until the principal and interest of the liabilities created under the provisions of said state highway act, approved March 22, 1909, shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast for and against this act then the same shall be and become void.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout the state, for three months, throughout this state, for the three months preceding the general election to be held in the month of November, A. D. 1916, and the cost of publication shall be paid out of the general fund of the state, and the cost of publication shall be paid out of the general fund of the state, and the cost of publication shall be paid out of the general fund of the state.

Sec. 13. This act shall be known and designated as the "State Highways Act of 1916," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund," and the principal of the bonds sold on the first day of July of the year 1923, and on the first day of July, 1924, and every year thereafter, in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state to the "Second State Highway Fund."

Sec. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

I also proclaim, in pursuance of the provisions of section 3 of Chapter 414, Statutes of 1915, that in said election there will be submitted to the vote of the electors the following act of the Legislature amending section 8 of the State Highways Act of 1909, approved by the electors of the State at the general election held in November, 1910:

Amendment to State Highways Act

CHAPTER 414
An act to amend an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for money expended thereon; providing for the issuance and sale of state bonds to create a fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D. 1910, and known and cited as the "State Highways Act," and certain extensions thereof, specifying the work to be done and the fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people.

Section 1. Section eight of an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for money expended thereon; providing for the issuance and sale of state bonds to create a fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D. 1910, and known and cited as the "State Highways Act," and certain extensions thereof, specifying the work to be done and the fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions thereof, and providing for the submission of this act to a vote of the people.

Section 2. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1916, and all provisions except those relating to the people and for the returning, canvassing and proclaiming the votes, and as to such excepted provisions this act shall take effect ninety days after the final adjournment of the present session of the legislature.

Section 3. This act shall be submitted to the people of the State of California for their ratification at the next general election to be held in the month of November, 1916, A. D., and all ballots at said election shall have printed thereon, and at the end thereof the words "For the amendment to the state highway act," and in a separate line, under the same, the words "Against the state highway act," and in a separate line, under the same, the words "For the state highway act," and in a separate line, under the same, the words "Against the state highway act."

Section 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as provided for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrevocable until the principal and interest of the liabilities created under the provisions of said state highway act, approved March 22, 1909, shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast for and against this act then the same shall be and become void.

RELIEVES GOETHALS' SURE EXPOSURE THE ADAMSON LAW

CHICAGO, Oct. 13.—At western Republican headquarters in Chicago, Fred B. Stanley, national committee man from Kansas, had this to say concerning the appointment of General George W. Goethals as chairman of the Adamson Law Commission.

"President Wilson will rue the day when he appointed General George W. Goethals as chairman of the commission to 'observe the operation and effects' of the Adamson law which the President and the railway brotherhood leader coerced Congress into enacting.

"The experience, ability and integrity of General Goethals promises an official and convincing exposure of the fraudulence of the 'eight hour day' as provided by the Adamson law.

"General Goethals knows what a real 'eight hour day' is, and he established one on the Panama railway by issuing this order, effective September 1, last:

"The working day for train crews and switch engine crews will be limited to eight hours a day, except in cases of emergency."

"That short, simple order accomplishes the single purpose of giving the Panama railway employees a real eight-hour work day. As that road is engaged in any capacity in the operating or traffic complications to interfere, a real eight-hour day is possible and practical on that railroad. Incidentally, the government fixes both rates and wages on that road, and the rates are the highest in the world per ton per mile.

"In striking contrast with General Goethals' order for a real eight-hour day is this provision of the Adamson law:

"Beginning January 1, 1917, eight hours shall in contracts for labor and service be deemed a day's work for the purpose of reckoning the compensation for service of all employees engaged in any capacity in the operating of trains."

"This law is in intent and effect simply a wage-raising scheme, giving 25 per cent more than the present pay—a point made strikingly clear by the contrast between it and the order for a real eight-hour day on the Panama railroad. There is not a word in the Adamson law which affects the hours or conditions of service. Under it any employee may work any number of hours up to sixteen a day.

"These are some of the facts which the report of General Goethals and the two other members of the commission will be bound to report as to the mis-called 'eight-hour day' of the Adamson law. The commission's report will convince the public that the 'eight-hour day' of which President Wilson speaks so glibly is not a humanitarian movement 'sanctioned by society' but a device to give 25 per cent wage increase to 20 per cent of railway employees now getting the highest wages, regardless of the rights and welfare of the other 80 per cent of railway employees and the rest of the American people."

THE MARKETS

LOS ANGELES PRODUCE MARKET

Due to a temporary shortage, all varieties of potatoes were raised in price yesterday, northern Burbanks advancing to \$2.10 and \$2.35 a hundredweight, Idaho Fussells to \$2.35 and \$2.40 and Lompocs to \$2.75 and \$2.85 a hundred pounds. This high level of values is not expected to last very long, but the manner in which all food commodities are being boosted, it may be only the forerunner of further advances. Sweet potatoes, on the contrary, are easier and the very best grades of shipping stock could be purchased Thursday for \$2 a hundred pounds.

Dried fruits are exhibiting a hardening tendency and all sizes of prunes were advanced 1/2 to 3/4 cents a pound yesterday. Evaporated apples are unchanged but apricots and peaches are liable to be raised in the near future. Currants are scarce, due to the trouble Greece is having in shipping this year's crop.

Bellemeur and Jonathan apples are slightly higher, the 4 and 3 1/4 tier packs of the former variety having advanced 5 cents a box and fancy Jonathan's rising to \$1.85 to \$2 per box. Pink beans are up half a dollar at \$7.50 a hundred pounds and brown onions are now selling at the same quotation as the white variety, \$2.90 to \$3 a hundred.

At yesterday morning's session of the Produce Exchange casecount eggs reached the 50 cents a dozen mark, exactly 10 cents a dozen higher than the quotations for eggs a year ago.

ORDINANCE NO. 140

An Ordinance Requiring Vendors of Ice to Obtain Certificates to Have Seals Tested by the County Sealer of Weights and Measures, and Fixing a Penalty for Violations Thereof.

The Board of Supervisors of the County of Orange does ordain as follows: Section 1. In all sales of ice and other commodities, used for the purpose of commerce by vendors of said commodities, the seller must use scales in weighing any article so sold, sealed, tested by the County Sealer of Weights and Measures, of Orange County, California, within six months before such sale.

Section 2. Any person, firm or corporation who shall violate this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof shall be imprisoned in the county jail not more than one hundred days.

This ordinance shall take effect from and after thirty days from its passage and before the expiration of fifteen days the same shall be published in a newspaper of general circulation, printed and published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

(Seal) T. B. TALBERT, Chairman of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Orange, State of California.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Board of Supervisors of the County of Orange, this 4th day of October, 1916.

(Seal) W. B. WILLIAMS, County Clerk of the County of Orange, ex-Officio Clerk of the Board of Supervisors of said County.

We have 160 acres of good alfalfa land about four miles northeast of Perris, in the Perris Valley, which we can sell at the bargain price of \$75.00 per acre. This land would require very little leveling and is a deep decomposed granite soil making it ideal for alfalfa or deciduous fruit. We can take in exchange a small percentage of the above in property here, providing same is priced right. If you are desirous of making a change we shall be pleased to explain

SOCIALS MARK THE WEEK AT TALBERT

Rains Reported to Be Doing Damage to Beets and Flooding Fields

TALBERT, Oct. 12.—The social that was given at the Greenville school house Friday night was well attended and enjoyed by all. Several people from Talbert were present and some of them took part in the program. Parcel post packages and candy and popcorn were sold, after which games were played. All had a splendid time.

Sunbeam Club Social

The social which was given by the Sunshine band in the Japanese hall last Saturday evening was well attended and the baskets sold well. A good price was received from the sale of a quilt, the total amount being \$30.90, which will be applied on the fixtures purchased for the parsonage.

Social at Bolsa
The social which was held in the school house at Bolsa last Saturday night for the purpose of raising some of the conference funds for that church, was well attended and a nice sum of money was raised. Refresh-

PREPAREDNESS How It Helps Coughs and Colds

Buy your bottle of Foley's Honey and Tar now, and quickly stop the coughs and colds of early fall.

Early fall brings croup, bronchitis, asthmatic breathing, troublesome night coughs, whooping cough, and tickling, irritable throat.

It aggravates the distressing cough of weak lungs, and the chronic coughs of elderly people.

It gives "suffles" to infants and children and provokes adenoids and sore inflamed throats.

Give Foley's Honey and Tar freely. It is so soothing and emollient, relieves hoarseness and puts a healing coating on the inflamed mucous lining of the throat. It stops coughing easily and quickly and relieves croup before this dreaded thing has a chance to really harm the children or scare the parents.

The last dose is just as good as the first, and a less amount is needed than of any other cough syrup.

So see to it that you get only the original FOLEY'S HONEY AND TAR, for it is the only genuine, and contains no opiates.

Late Rains Flood Fields

There is quite a stream of water running down the Santa Ana river since the recent rain on account of the levee not being fixed at the Rice ranch. The water is running out between the mesa and the east bank of the river, which is causing quite a lot of land to be flooded.

Beets Sprouting

The recent rains have started the little roots growing on the beets and does damage on account of their holding so much soil. The rain also did a great deal of damage to the beans throughout the vicinity.

Moved Dredger

S. E. Talbert moved the Talbert drainage dredger Thursday from ditch No. 2 at Bolsa, to ditch No. 3 to a point a half mile south of the Talbert store. They will commence digging and cleaning, running north three miles.

Mr. and Mrs. George Bradley are the happy grandparents of an 8½-pound grandson at the home of their daughter, Mrs. Lena Waite, of Huntington Beach.

Will Build Corrals

The Griffith Lumber Company sent a truckload of lumber to the Williamson ranch, three and a half miles south of Talbert, for the purpose of building corrals.

Talbert Tattle Tattle

Mrs. Otto and Herman Kutzner and Dan Thompson spent Sunday in Los Angeles.

Mr. and Mrs. Henry Whitman of Norwalk spent the day with Mr. and Mrs. Arnold Walker Sunday.

S. E. Talbert has an eight-horse team plowing out beets for Robert Wardlow for a few days.

Ernest Plavin spent the week end at the home of his parents, accompanied by Clarence Holderman, of Hemet. Some of the other visitors were Mr. and Mrs. G. H. Willard of Norwalk on Monday; Mr. and Mrs. Holmes and family of Santa Ana and F. D. Ford of Greenville on Sunday.

On Tuesday Mr. Plavin made a business trip to Los Angeles.

Bert Carey is having his alfalfa hay baled this week.

F. P. George has given up the Swift garage building to Ray Wardlow, who expects to run a second-hand implement store.

Mrs. Walter Lamb and Mrs. Dan Duzan spent Wednesday afternoon in Huntington Beach, accompanied by their sons, Kenneth and Hugo.

Mr. and Mrs. Martel, with their daughter, Mary, and Hazel Brady, motored to Long Beach Sunday evening.

Rev. R. H. Obarr is one of the many ministers who started Wednesday for Phoenix, Ariz., to attend the Methodist conference.

Mrs. Ray Wardlow visited her sister, Mrs. Eader, in Huntington Beach, Wednesday.

A number of friends of Frank Burke have received a letter from him from Tracy, where he is operating the old Talbert drainage ditch dredger which was shipped a few weeks ago.

O. Nogai, who has been employed on the Talbert ranch for the past eleven years, has been quite sick for several weeks, but is slowly improving now.

The Newport dredger was moved from Fairview down the east side of the river Wednesday to the Meyer ranch, where a ditch will be dug along the edge of the mesa to the bay.

Mr. Carey of Santa Ana visited at the home of his son, Bert Carey, Wednesday.

L. Moulton of El Toro made a business trip to this vicinity Wednesday.

Mrs. R. Farnsworth is again able to be out and enjoy an auto ride.

Mr. Hamano, the Japanese fish man, who was so badly injured between Santa Ana and Orange some time ago and who had his machine destroyed, was moved to his home Tuesday. He was brought home on a cot in an ambulance.

Two men hurt in explosion

One Employee Hit With Furnace Door and Other With Furnace Plate

BREA, Oct. 12.—An accident that occurred with the starting up of the National Products Company's new gasoline plant was close to proving fatal to two of the employees. The boilers connected with the plant had been fired up and running some little time when one of the workmen noticed that the fire in one of the boilers was not burning. The fire had been out long enough to allow a large volume of gas to escape from the feed pipe. On lighting the furnace under the boiler the accumulated gas exploded with terrific force and injured two men.

The employee standing in front of the boiler was struck on the head with one of the furnace doors and rendered unconscious for some little time. A second employee who happened to be at work at the rear of the boiler was hit in the region of the stomach with a heavy furnace plate that was thrown down from the boiler wall by the explosion. The injured men, R. Davis and Ed Hollis, were given medical attention as quickly as a physician could be rushed to the scene of the accident, and aside from the bruises received they are getting along well. The accident was a close call for the men, as many similar accidents have proven fatal.

The National Products Company is not starting off under very favorable circumstances, but an accident around a gasoline manufacturing plant is not uncommon. The management has the machinery all installed, all the gas lines laid, and hopes to have the plant making gasoline from an entirely new method never before used in the West, before the end of the week.

DIAMONDS IN DEMAND IN BRAZIL

United Press Writer Tells of Peculiar Customs of South American People

BY MARGARET MASON
They say that all blue diamonds Come from Brazil. But believe me you'll find that A lot stay there still.

(Written for the United Press)
RIO DE JANEIRO, Sept. 20 (by mail).—On every hand in Rio de Janeiro you find clubs—The Jockey Club, the Derby Club, the Engineers Club, the Anglo-American Club, the Naval Club, etc. On every hand in Rio de Janeiro you also find diamonds and in every feminine ear as well. Great blazing stones that take your breath away and your cash too if you attempt to acquire any.

"Kind hearts are more than coronets" would never be a popular motto here where earrings are more to be desired than shoes. Positively it's a poor ear indeed whose lobe doesn't sag with the weight of a huge ruby, emerald or sapphire surrounded by diamonds. Even the poorest native and negress, shambling along barefooted or clumping along in the ungainly native shoes whose heavy wooden soles leave the heel exposed and have a thick piece of leather across the front for a toe hold, have their ears all duded up in gold hoops.

When it comes to rings no finger is spurned, slighted or overlooked. If some poor little feminine finger does happen to be shy its circling band of jewel it looks almost indecently nude. The men also affect several rings and an elaborately jeweled one on the first finger of the right hand is the finger mark of a lawyer, doctor or scholar.

Even affections are tested here by a jeweled gauge and the depth of a man's passion for his better half is shown by the number of jewels that she wears. This appealed to me strongly at first. Think how attractive to have your husband in lieu of pouring honeyed words in your ear using earrings instead and pressing a diara rather than a kiss on your brow. To give you a precious jewel rather than to call you one certainly has its fine points but unfortunately there is another setting to this jeweled adoration.

People of moderate means actually put themselves in a poverty-stricken condition in order that the wife may make an adequately jeweled impression. They pinch and scrimp and save and give their heart's blood for a pigeon blood ruby. Just imagine going without all the comforts of home just to show the neighbors how crazy your husband is about you.

I guess after all it's better to have a loving arm around your neck than a diamond necklace.

Aside from boasting the most brilliant blue white diamonds in the world, gorgeous sapphires, rubies and emeralds, Brazil makes a scintillating rainbow showing of semi-precious stones. Tourmalines, green and pink, aquamarines, amethysts, topazes, yellow and rose, tourquois, opals and agates. In fact there are several little shops devoted exclusively to the sale of these native Brazilian semi-precious stones. As for the general jewelry stores they are even more plentiful than saloons in New York and vie in number here with the tobacco shops and lottery places.

Even the birds of the air and the bugs of the earth are pressed into service as jewelry. Out of the many green and bronze and iridescent hard-shelled Brazilian beetles, unique scarf pins, hat pins, brooches, necklaces and bracelets are made. Tiny opalescent beetles too fragile to use in this manner are mounted in groups of two and three between disks of crystal, bound in gold or silver and used as pendants. Some of the gorgeous butterfly wings are also used in this manner. Perhaps the most unique and attractive of all these conceits is the tiny ruby and bronze or green and gold head of the hummingbird, its beak sheathed in gold, set in the middle of a pair of gold metal outspread wings on a bar pin.

Other jewels as omnipresent and multitudinous as the kind the lapidaries recognize are those of which Cornelia once boasted.

Little sons and daughters are indeed very popular in Rio and no family seems complete without at least four or five. They are bright little black-eyed kiddies but all seem to have a tendency toward a pasty pallor rather than the healthy brown or apple red cheeks of our own husky North American offspring. This is due, no doubt, to the fact that their misguided parents drag them at all hours to the cinemas and serve strong Brazilian coffee and other heavy native dishes indiscriminately and promiscuously to tender tummies.

Kid kiddies all show a nonchalant disregard for lingerie and unless they be of the "haute monds" indeed a single garment suffices beautifully for their sartorial needs. This has the one drawback that it renders them very open to the argument of a paternal paddling.

FINE PROGRAM FOR THE DRYS

Arguments, In Favor of Ridding State of Saloons Are Presented

WESTMINSTER, Oct. 12.—A fine program in the cause of California Dry was given in the school hall Friday evening. The Santa Ana High School Quartet gave two selections, after which an eloquent speech was given by S. K. Davis. Before beginning their debate, Phillips and Jackson, who are fine singers, gave a duet, accompanied by Mrs. Jackson on the piano. Then followed the debate, Phillips representing a judge who had given a much-praised speech in favor of the liquor interests. Jackson represented a man partially drunk who yet gave some good arguments for the dry cause and finally convinced his opponent of the truth of these statements. At the close of the debate they sang "The Jolly Old Brewer and the Sunday School Man," followed by an encore. The program closed with a song in honor of the flag. Altogether it was an unusually interesting program. Jackson and Phillips are giving this debate two or three nights in the week. They do not make any charges but only take up a hat collection to cover the gasoline bill.

The eucalyptus oil factory owned by V. Mahan is making one run a day, which yields from twenty to forty pounds. The leaves from a grove near Garden Grove are being used.

Mrs. Kerr, who has been visiting her sister, Mrs. Davis, in Los Angeles, returned home Monday.

W. E. Smith took a load of Endeavorers to Santa Ana Friday evening to attend the banquet and opening meeting of the County C. E. convention. Those who remained through the convention were Misses Bertha Dickey, Marjorie Byram, Elizabeth Smith, Mary Francis, Laura Thompson and Irvine Thompson. Those going for the evening were Rev. W. T. Wardle, Mr. Smith and Dudley Smith. Miss Elizabeth Reed attended the convention Saturday evening and remained to the close Sunday afternoon. Glenn Byram was present Saturday afternoon. Messrs. McClintock and Byram threshed Mr. S. C. Thompson's crop of black-eyes on Monday afternoon. The beans did not seem to be injured by the rains.

Elmer Fowler spent the week end with his parents in Los Angeles.

Mr. and Mrs. A. G. Diehl arrived Saturday from Nebraska to spend the winter with relatives. Mr. Diehl is a cousin of Mrs. E. S. Reed, Geo. Francis and Mrs. Fuller. He is in the employ of the post office department and has the oversight of the railway postal clerks in several states of the Middle West. This is the second winter Mr. and Mrs. Diehl have spent in Westminster.

The members of the seventh and eighth grades were given a half holiday on Friday which they were promised if no member of the class was tardy or absent for a month. Mrs. Toogood took several of the girls to Seal Beach in the afternoon. Those who went were Florence Kerr, Lila Toogood, Ruby Griggs and Marguerite Wright.

Miss Winnie Linn celebrated her tenth birthday on Saturday afternoon by inviting a number of her friends to a party. A very pleasant afternoon was spent and refreshments of cake and candy were served. Those present were Lillie Price, Maudie Gibbons, Fern Byram, Bernice Fuller, Gladys Toogood, Ella Condra, Naomi Linn, Winnie Linn.

Among those who attended the closing meeting of the Endeavor convention were W. E. Smith, H. Thompson, Mr. and Mrs. O. B. Byram and Wilbur Byram, making ten from the C. E. Society here who responded to the roll call by societies by repeating Matt. 9:37, 38, "The harvest indeed is plentiful, but the laborers are few. Pray ye therefore the Lord of the harvest, that He send forth laborers into his harvest."

Mrs. Maganety has sold her place, twenty acres, for \$4200.

The Ladies' Missionary Society of the Presbyterian Church met on Wednesday afternoon. The subject, "The Philippines," was taken up, and some interesting information was given concerning the Silliman Institute at Dumaguete. It was arranged to send some postcards to Miss Grace Rowley in China and also to have a thank offering meeting with special program some time in November.

The dredger of the Westminster Drainage District is now working a mile and a quarter west of the Santa Ana boulevard where it turns north to Westminster.

Mrs. Geo. Wright and daughters, Misses Glenn and Marguerite, went to Alhambra Saturday to visit Mrs. Wright's sister, Mrs. Spates, returning Monday.

Mrs. L. Ufford moved last week Thursday to Huntington Beach.

The Ladies' Missionary Society of the Methodist Church met Thursday afternoon at the home of Mrs. Orril Day.

WOMEN OF CALIFORNIA SHOULD TAKE ADVICE.

Sacramento, Cal.—"My mother was sick many years, she had a chronic trouble, peculiar to women, of the worst form. Nothing she could find gave her any relief. At last she started taking Dr. Pierce's Favorite Prescription along with the 'Golden Medical Discovery.' It was not long before she commenced to build up—her strength returned and her general health was perfect. Any woman suffering with this complaint, no matter if of long standing, can be cured by using these wonderful medicines."—Mrs. M. SAPUNAR, 910 N. St.

Health always brings wealth of beauty. A healthy state of the system comes with Doctor Pierce's Favorite Prescription. It's a medicine prepared for woman's ailments—it cures those derangements and weaknesses which make a woman's life miserable.

It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on the wrapper.

Women are earnestly advised to take it for irregular or painful periods, backache, headache, displacement, catarrhal condition, hot flashes, sallow complexion and nervousness.

A GREAT OFFER

If you will cut this out and send 3 dimes to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., you will receive a 1000-page book, bound in handsome cloth, fully illustrated, all charges prepaid.

ers to Santa Ana Friday evening to attend the banquet and opening meeting of the County C. E. convention. Those who remained through the convention were Misses Bertha Dickey, Marjorie Byram, Elizabeth Smith, Mary Francis, Laura Thompson and Irvine Thompson. Those going for the evening were Rev. W. T. Wardle, Mr. Smith and Dudley Smith. Miss Elizabeth Reed attended the convention Saturday evening and remained to the close Sunday afternoon. Glenn Byram was present Saturday afternoon. Messrs. McClintock and Byram threshed Mr. S. C. Thompson's crop of black-eyes on Monday afternoon. The beans did not seem to be injured by the rains.

Elmer Fowler spent the week end with his parents in Los Angeles.

Mr. and Mrs. A. G. Diehl arrived Saturday from Nebraska to spend the winter with relatives. Mr. Diehl is a cousin of Mrs. E. S. Reed, Geo. Francis and Mrs. Fuller. He is in the employ of the post office department and has the oversight of the railway postal clerks in several states of the Middle West. This is the second winter Mr. and Mrs. Diehl have spent in Westminster.

The members of the seventh and eighth grades were given a half holiday on Friday which they were promised if no member of the class was tardy or absent for a month. Mrs. Toogood took several of the girls to Seal Beach in the afternoon. Those who went were Florence Kerr, Lila Toogood, Ruby Griggs and Marguerite Wright.

Miss Winnie Linn celebrated her tenth birthday on Saturday afternoon by inviting a number of her friends to a party. A very pleasant afternoon was spent and refreshments of cake and candy were served. Those present were Lillie Price, Maudie Gibbons, Fern Byram, Bernice Fuller, Gladys Toogood, Ella Condra, Naomi Linn, Winnie Linn.

Among those who attended the closing meeting of the Endeavor convention were W. E. Smith, H. Thompson, Mr. and Mrs. O. B. Byram and Wilbur Byram, making ten from the C. E. Society here who responded to the roll call by societies by repeating Matt. 9:37, 38, "The harvest indeed is plentiful, but the laborers are few. Pray ye therefore the Lord of the harvest, that He send forth laborers into his harvest."

Mrs. Maganety has sold her place, twenty acres, for \$4200.

The Ladies' Missionary Society of the Presbyterian Church met on Wednesday afternoon. The subject, "The Philippines," was taken up, and some interesting information was given concerning the Silliman Institute at Dumaguete. It was arranged to send some postcards to Miss Grace Rowley in China and also to have a thank offering meeting with special program some time in November.

The dredger of the Westminster Drainage District is now working a mile and a quarter west of the Santa Ana boulevard where it turns north to Westminster.

Mrs. Geo. Wright and daughters, Misses Glenn and Marguerite, went to Alhambra Saturday to visit Mrs. Wright's sister, Mrs. Spates, returning Monday.

Mrs. L. Ufford moved last week Thursday to Huntington Beach.

The Ladies' Missionary Society of the Methodist Church met Thursday afternoon at the home of Mrs. Orril Day.

GERMANS WITHDRAW BIG GUNS FROM FRONT

WITH THE FRENCH ARMIES ON THE SOMME FRONT, Oct. 13.—The Germans have withdrawn their heavy guns from one to five miles behind their Somme front, the Anglo-French aviators discovered during recent flights. Withdrawal was ordered to save the pieces from capture during the recent dashes of the allied infantry against the German lines. Many heavy guns were taken before the Germans had time to withdraw them. The Germans now have 2,100 guns on the Somme compared to 2,500 they used at Verdun. In their offensive, the allies captured more than 500 cannon.

DROP FOUR TENS EXPLOSIVES

PARIS, Oct. 13.—Forty French and British aeroplanes dropped four tons of explosives last night on the Mauser works at Oberdorf in Germany on the Neckar river, the war office announced today.

Six German machines defending the works were shot down.

BRITISH FORCES ADVANCE POSITIONS

LONDON, Oct. 13.—Haig reports today the continued advance of the British forces along the mile and a half front between Guedecourt and Leebouef in Northern France. One hundred and fifty prisoners are reported taken in the latest engagement.

DEADLOCK ON THE ISONZO

BERLIN, Oct. 13.—The Italian drive on the Isonzo, launched for the purpose of relieving Austrian pressure on the Rumanians, utterly failed in its purpose, Vienna dispatches said. The Austrians blocked repeated Italian assaults without summoning one single regiment from other fronts.

CHANCELLOR WINS DEBATE

AMSTERDAM, Oct. 13.—Von Bethman Hollweg emerged from the submarine crisis strengthened by victory over the advocates of unlimited submarining, is reported from Munich.

RUMANIANS ARE RETREATING

BERLIN, Oct. 13.—The pursuit of the Rumanian forces retreating from Transylvania continues, it is officially announced. Only along the Greek front are the Rumanians stubbornly resisting.

LONDON, Oct. 13.—British armoured automobiles have reconnoitered Seres along the Demirhisser road.

BRITISH AND FRENCH NOTES ARE IDENTICAL

WASHINGTON, Oct. 13.—State department officials are today studying the identical French and British replies to the American protest made more than four months ago against certain features of allied mail censorship. The notes were written in French and delivered yesterday. Arrangements are made for simultaneous publication in the near future, by both British, French and American governments.

52,026 WAR LOSS OF CANADA TROOPS

OTTAWA, Oct. 13.—Total casualties among officers and men of the Canadian expeditionary forces were 52,026 up to October 11, according to figures compiled by the casualty record office. The casualties were divided as follows:

Killed in action, 8134; died of wounds, 3120; died of sickness, 452; presumed dead, 1009; missing, 1372; wounded, 37,939.

HUGHES' DAUGHTER CONFESSES POLITICS IS BORING TO HER

WELLESLEY, Mass.—Miss Catherine Hughes confessed that politics bored her, despite the fact that her father, Charles E. Hughes, is seeking the highest office in the gift of the people. Miss Hughes said:

"Perhaps you will be surprised, but I never think of father's prospects at all. As would do no good if I did. I'm sure I do not know how the election is going to come out.

"It is all a dream to me—something just to read about. That's the way I like politics—reading about them. Frankly, politics bores me."

RIVERSIDE FAIR WILL BE OPEN ON SUNDAY

RIVERSIDE, Oct. 13.—By a vote of 10 to 5, the directors of the Riverside County Fair Association decided to keep the fair open through Sunday, following the receipt of resolutions, protecting against the plan formulated by a committee appointed at a largely-attended meeting of representatives of the Church Federation and the members of the various city churches.

The proposal to hold the fair open until Sunday night was due to the loss of revenue occasioned by the rains on the opening day.

GROWERS AT POMONA HAVE FIFTY CARS YET

POMONA, Oct. 13.—With Valencia oranges bringing \$4.75 per box in the eastern markets and over fifty cars still on hand in the Pomona valley, in addition to a quantity of late fruit still on the trees, the citrus growers in that vicinity are in exceedingly high spirits these days.

The new crop is set heavily upon the trees and all indications point to a bumper harvest next year. Shipments are going out of the valley at the rate of five cars per day.

WILSON'S TALK PLEASING TO DEMOCRATS

ABOARD WILSON'S TRAIN, ALTOONA, Pa., Oct. 13.—Feeling pleased at the reception given him in Indiana, Wilson is swinging along in his private train en route back to Long Branch, N. J. Democratic leaders still feel that Indiana is an uncertain quantity but that in the two addresses the president made yesterday he carried home two points. First, that the president is contemptuous regarding such issues as sectionalism, and other issues raised by the Republicans. Second, that for the first time it was explained fully to the farmers of the country what the Democratic congress had done for them by passing the rural credits, federal reserve, and other acts.

JOHN WILLIS BAER HAS RESIGNED AS OCCIDENTAL HEAD

LOS ANGELES, Oct. 13.—No successor to the presidency of Occidental College has been announced following the resignation yesterday of President John Willis Baer, LL.D., Litt. D., for ten years the head of the institution.

Dr. Baer gave ill health as his reason for resigning, stating that he had been advised to take a year's rest.

He left the city yesterday and will not return to his home until some time next week. It is understood that he will continue to occupy the presidential office for a short time in a provisional way.

The announcement of the resignation was made at the regular weekly college assembly of the student body by the Rev. Robert Freeman, D.D., pastor of the First Presbyterian church of Pasadena, vice president of the board of trustees of the college and a close personal friend of Dr. Baer.

RECEIVER MAY TAKE OVER ESPEE HOLDINGS

SAN FRANCISCO, Oct. 13.—The receiver is to take over the Southern Pacific's billion dollar oil holdings in the San Joaquin Valley, pending a settlement of the government suit for possession, was the chief topic of conversation today in oil circles, following the report that the government was preparing to request such action. The receivership will undoubtedly affect prices, owing to the extent of the area involved.

TAYLOR CANNERY MAY RUN ALL WINTER ON PICKLING

C. S. Sanborn, of "Sanborn Pickle" Fame, May Be Associated With Local Cannery

Experimental work will start at Taylor Bros. Cannery next week that may result in adding the name of a man to the factory known nationally, the enlarging of the list of products and the operation of the factory the year round.

G. S. Sanborn, whose pickles and other products of some years ago were and are known all over the world, is coming here next week to co-operate with Taylor brothers in experimenting on the pickling of fruits which are not now generally used in this way. It is a winter product and if the experimental work demonstrates that the fruits can be preserved successfully, equipment will be installed for the work.

This will mean the operation of the factory during the winter months, giving employment to a large number of people. It will in no way interfere with the summer operations of the cannery.

Taylor Bros. have been considering the experimental work for some time and have been waiting for the time and the man. Both are now available and the plans and theories of these experts will be thoroughly tried out in the work to be started next week.

Sanborn is now a resident of Los Angeles and has been in Santa Ana a number of times in consultation with them with reference to becoming identified with the cannery. He was here one day this week, when negotiations were finally completed and arrangements made for starting operations at once.

The fruit upon which the experiments are to be conducted is not given out.

The products of the Taylor cannery have won an enviable reputation in every section of the United States, and should the work now under consideration be successful the name of the firm as well as Santa Ana will spread to new sections.

STARTS CAMPAIGN HERE TO RAISE FUNDS FOR BELGIANS

Declaring that Santa Ana should and must raise \$1,000 for the relief of the Belgians, Mrs. Willoughby Rodman of Los Angeles today started a campaign here to get the money.

Mrs. Rodman is full of enthusiasm in the charity work in which she is engaged. After two years of work in the cause, she is just as enthusiastic as she ever was. She is chairman of the committee that has set forth upon a movement to raise by November 1 enough money and food to feed the needy Belgians for one day.

Here in Santa Ana, Mrs. Rodman has made arrangements for money and food to be received by the Santa Ana Chamber of Commerce. A local

Congregational Churches Meet Here Next Week

An Important Gathering Is to Be Held In Santa Ana Church

Santa Ana is to have another great church gathering. The Los Angeles Association of Congregational Churches and Ministers will meet with the First Congregational church of this city Monday and Tuesday, October 16 and 17.

This association takes in all of the congregational churches and ministers of Ventura, Los Angeles and Orange counties. Each church is entitled to representation by its pastor and two delegates. Lodging and breakfast are to be provided by the congregational church here. Sessions will be held Monday morning, afternoon and evening and Tuesday morning and afternoon.

HARBISON WILL HAVE BUSY WEEK IN ORANGE COUNTY

R. C. Harbison of San Bernardino, Republican nominee for Congress from this district, will put in a busy week in Orange county next week. Six full days will be devoted to calling upon voters and in delivering evening addresses. He will be accompanied on the tour by Mrs. Harbison.

Four evening meetings are scheduled, with a Santa Ana meeting yet to be arranged for. Prominent men in each section of the county will meet the candidate and accompany him on his visits.

Complimentary dinners will be tendered Mr. Harbison in each city in which he delivers an evening address.

He will arrive at La Habra Monday morning at 10 o'clock, where he will be met by a delegation from this city and La Habra. From La Habra he will go to the oil fields and at 2:30 in the afternoon will visit at Placentia. An open air meeting will be held at Fullerton in the evening at 8 o'clock at the corner of Commonwealth and Spadra. E. E. Keach of this city will be one of the speakers.

Tuesday forenoon will be devoted to visits at Yorba Linda and the oil well districts. The afternoon will be passed at Anaheim, with a night meeting at 7:30 at the open forum. Hans Weisel will deliver a short address.

Wednesday forenoon will be spent at Westminster, Talbert and Huntington Beach and the afternoon at Newport Beach and Newport beach, with a night meeting at the school house at Newport Beach at 7:30. Clyde Bishop will precede Mr. Harbison with an address on topics of interest.

Thursday will be Santa Ana day. Friday forenoon will find Mr. Harbison chatting with residents of Tustin, El Modena and Villa Park. He will be entertained at Orange in the afternoon and will speak at the plaza at 7:30 in the evening, with J. C. Burke, nominee for assemblyman, also scheduled for an address.

The candidate will be a freelance on Saturday.

MAY BE COMBINE OF AUTO MANUFACTURERS

DOVER, Del., Oct. 13.—The General Motors corporation was chartered here today with a capital of \$102,000,000.

TO IMPROVE CATALINA

LOS ANGELES, Oct. 13.—Details of plans for converting Catalina Island into a real ocean gem, which will be one of the great fashion resorts of the world, are expected to be decided upon at a meeting of the directors of the Banning company next week.

That improvements on the island, owned by the Banning company, are contemplated was revealed yesterday when a \$1,000,000 trust deed was filed with the county recorder.

DURING SUMMER ONE ACCIDENT HERE, EVERY 76.2 AUTOS

Record For Last 3 Months Shows High Percentage Of Smash-ups

Orange county is decidedly on the auto smash-up map. In proportion to the number of automobiles in the county, Orange county has more automobile accidents than fifty of the fifty-eight counties of the state.

During July, August and September there was one automobile smash-up for every 76.2 automobiles in Orange county. That record is based entirely upon automobile accidents reports of which got into the newspapers. Only three counties in the state—San Francisco with 139, Los Angeles with 276 and Alameda with 124—had more accidents than Orange county.

It is stated that of seventy-one motor accidents in Orange county during July, August and September, thirty-three were due to the fault of the operator and eighteen to speeding. The reports, which are from a table given by H. A. French, superintendent of the Motor Vehicle Department of California, do not state to what cause the remaining twenty accidents in this county were due.

A large proportion of the automobiles that were concerned in the seventy-one accidents that occurred in this county in July, August and September were automobiles from outside Orange county.

San Mateo Has 'Em

Among the counties with a high percentage of accidents in relation to the number of automobiles in the county is San Mateo county, which also had outside automobiles furnishing a large share of the smash-ups. Another county with a high percentage is Trinity county. Trinity county has only fifty-seven automobiles in it, and it had just one accident. Mariposa county's record is also high, but Mariposa has only 133 automobiles in it, no more in the whole county than are standing in the main streets of Santa Ana this minute, and it had two accidents during the summer.

There are nine counties, Alpine, Del Norte, Glenn, Humboldt, Lassen, Mono, Sierra, Tehama and Tuolumne, that furnished not a single automobile accident that got into the papers.

Either the Riverside county papers are missing a lot of accidents or they do not happen in that county, for during the three months in which the records were kept by French, Riverside county had but six auto accidents, Santa Barbara had but five and San Diego had twenty-two.

From the Reports

In the following, there appears first the name of the county, then the number of accidents per automobile in that county.

Alameda, 124 and 107.3. Amador, 2 and 176. Butte, 7 and 234.28. Calaveras, 1 and 318. Colusa, 3 and 212.66. Contra Costa, 17 and 95.7. El Dorado, 1 and 262. Fresno, 4 and 167.4. Imperial, 7 and 323. Inyo, 2 and 171. Kern, 21 and 210.9. Kings, 9 and 153.66. Lake, 1 and 288. Los Angeles, 276 and 221.51.

Madera, 4 and 134.75. Marin, 14 and 73.4. Mariposa, 2 and 66.5. Mendocino, 3 and 265.3. Merced, 4 and 276.5. Modoc, 2 and 151. Monterey, 20 and 70.9. Napa, 4 and 246. Nevada, 5 and 79.

Orange, 71 and 76.2. Placer, 1 and 759. Plumas, 3 and 72. Riverside, 6 and 541.83. Sacramento, 27 and 199. San Benito, 4 and 130. San Bernardino, 29 and 179.8. San Diego, 22 and 342.9. San Francisco, 139 and 147.1. San Joaquin, 32 and 140.4. San Luis Obispo, 4 and 316.3. San Mateo, 37 and 45.5. Santa Barbara, 5 and 631.4. Santa Clara, 54 and 114.5. Santa Cruz, 10 and 140.4. Shasta, 1 and 497. Siskiyou, 3 and 252. Solano, 8 and 171. Sonoma, 19 and 156.6. Stanislaus, 13 and 228. Sutter, 3 and 165.66. Trinity, 1 and 57. Tulare, 26 and 145.3. Ventura, 6 and 349.66. Yolo, 4 and 324.75. Yuba, 2 and 275.

In the following the percentage of cause is divided into two classes, first those due to fault of operator and second, those due to speeding:

Alameda, 1.47 and 34. Fresno, 25 and 30. Kern, 33 and 24. Los Angeles, 39 and 42. Orange, 46 and 39. Sacramento, 52 and 33. San Bernardino, 41 and 99. San Diego, 41 and 27. San Francisco, 26 and 44. San Joaquin, 19 and 47. San Mateo, 38 and 35. Santa Clara, 22 and 52.

From French's figures for July, August and September appears the following:

Number of accidents, 1103; daily average, 12. Deaths, 131; daily average, 1.42. Fatally injured, 127; daily average, 1.38. Total deaths and fatalities, 258; daily average, 2.8. Seriously injured, 720; daily average, 7.8. Minor injuries, 709; daily average, 7.7. No injuries, 825. Number of persons injured, 1545; daily average, 16.8.

Number of accidents to each automobile registered on July 1, 1916, 171.9. Percentage of accidents due to fault of operator, 35.6.

Percentage of accidents due to speeding, 33.4.

Cause—Fault of operator, 403; speeding, 269; pedestrian confused, 104; defects in car, 84; poor roadway, 51; intoxication, 26; glare of lights, 20; tire blowout, 14; no lights on motor vehicle, 11; no lights on horse-

drawn vehicle, 10; unknown, 9; insufficient lights, 2.

By Whom Driven—Professional chauffeur, 71; man, 940; woman, 75; child under 16, 4; unknown, 13.

Location—City street corners, 299; city straightaway, 311; total state highway, 175; total county roads, 240; total city streets, 688.

Auto runs over pedestrians—Man, 133; woman, 26; child, 60; total, 239.

ARE TO TEST ORANGES BEFORE LOADING CARS

PORTERVILLE, Oct. 13.—To aid in the enforcement of the new fruit standardization laws, which forbid the shipment of oranges that do not test eight parts of soluble to each part of acid, C. F. Collins, Horticultural Commissioner, will appoint chemists of the Tulare County Protective Association as his deputies. This statement was made after a conference between Commissioner Collins and W. L. Crowe, secretary of the protective organization.

Oranges may only be shipped when the bill of lading is accompanied by an inspection certificate.

ELECTION FRAUD CHARGES ARE PLACED AT CAPITOL

WASHINGTON, Oct. 13.—Charges of a widespread election fraud, naming conspiracies in Cincinnati, Cleveland and Columbus, Ohio, Detroit and other Michigan cities and several Indiana cities, including Indianapolis, Pennsylvania, Terre Haute and Colorado, are under investigation by the Department of Justice. The department hopes to dispose of the cases before election.

Bribery is alleged in the registration and colonization of voters. Proposed illegal voting on November 7th is included in the charges.

TEN MACHINE GUNS TAKEN BY FEDERAL MEN AS CONTRABAND

LOS ANGELES, Oct. 13.—A truck loaded with ten machine guns, alleged to have been destined for Governor Esteban Cantu of Lower California, swung into New High street yesterday.

Workmen unloaded the ten harmless looking packing cases from the truck and stored them in the United States appraiser's store.

The guns arrived a day late. They were expected early Wednesday morning. A few hours after the federal authorities had arrested Fred Dato, a brother-in-law of Cantu; Lawrence J. O'Reilly, manager of the W. H. Hoege sporting goods store; Lawrence Dodge, alleged agent of the French Government, and Julian Trens, a Mexican, word came that a storm had thrown up a track to jam the wheels of the freight car bearing the guns.

Over night the car was derailed at Barstow. At dawn yesterday it slipped. A rough the yards, Deputy Marshal Penton G. Thompson took possession of the cargo upon instructions from his chief and the district attorney's office.

The syndicate, of which Dato is said to be the head, and the other three defendants, operatives, will be arraigned before United States Commissioner D. M. Hammack Monday. They are charged with violating United States neutrality in attempting to ship arms to Mexico. This is based on the embargo of the President in October, 1915.

Dodge is at liberty on his own recognizance. Trens and O'Reilly are at liberty on \$2000 each. Dato is in jail at El Centro.

HE FINDS DEATH TO BE FROM NATURAL CAUSES

Coroner Theodore Winbiger made an investigation yesterday afternoon in to the death of Attorney F. C. Spencer, who was found dead in his rooms in the Nagel block at Anaheim yesterday about 11:30 a. m.

Relatives, City Marshal Kellenberger and Dr. Johnson, physician, who had treated Attorney Spencer for epilepsy, testified that it was their belief that death was natural and the coroner gave a certificate to that effect.

SAN FRANCISCO, Oct. 13.—A spark from a tramp's pipe started a blaze yesterday which partially destroyed St. Dominic's Hall here, said to be the oldest structure of the Dominican Order of Catholic priests in California.

GERMANY THINKS U-BOAT ACTION MAY HASTEN WAR'S END

Industrial Sections Demand a Continuance of U-53 Exploits

EMBASSY HERE IS WILLING TO QUIT

Prussian Carnegie Says Germany Does Not Want War With America

BY CARL ACKERMAN
(United Press Staff Correspondent)

DUSSELDORF, Germany, Oct. 13.—Industrial Germany demands a continuance of the U-boat warfare, despite the protests of the United States or any one else. This is verified by interviews with any manufacturer or employer of labor in this section. The newspapers are generally in favor of a swift and terrorizing sea campaign. The Rhine valley, from whence this report comes, is the Pittsburgh of Germany. Chancellor von Bethmann-Hollweg is now facing the opposition of the combined interests of the Rhine and the Westphalian provinces. Both of these sections are hotbeds of Von Tirpitzism. The Westfallische Zeitung says that the war must be fought to a finish. This paper fairly represents the sentiment of that district. Either Germany or England must win, and the industrial Rhine interests favor a winning fight at all costs.

The directors of Germany's great steel trust, other millionaires in this industrial country, declare unreservedly that Germany will not make peace until England asks the terms. The Rhine Press is still discussing Lloyd-George's statement to the United Press, that the allies must carry the war to a "knockout." They hold this statement justifies the contention that Germany must use every possible contention against England. The activities of the U-53 have greatly increased their faith in the possibilities of unlimited submarine warfare.

August Thyssen, Germany's Carnegie, declared that since England was still a great sea power, it became necessary for Germany to operate submarines along the Canadian and American coasts, to overcome this advantage. He said:

"It can be imagined that this is uncomfortable for America, but it must be remembered that we are at war with Canada, and this is one means of ending the war. We can not always make war as America wants it."

"Do you think Germany wants war with America?" he was asked.

"Never!" was the emphatic response. "First, because we have enemies enough. Second, because during peace times, our relations with America are always most friendly. We want them to continue so after the war."

"We are always sympathetic toward America. The world interests of both countries develop through peace."

Thyssen does not believe an economic war will follow the present war.

"We want peace because we desire to develop our industries through peace and not through war."

Thyssen is an intimate friend of the Kaiser and also a close friend of Judge Gary of the United States Steel Corporation.

KINGSTONIAN SAFE IN PORT

BOSTON, Mass., Oct. 13.—The British steamer Kingstonian, reported as among those sunk by the German submarine off Nantucket last Sunday, is safe in port, according to word received yesterday by John M. Thomas of this city, local manager of the Leyland line, which owns the steamer.

Thomas said his information showed that the Kingstonian was thousands of miles from Nantucket last Sunday.

As the Kingstonian is in the service of the British Admiralty, Thomas was not permitted to indicate the port at which she had arrived.

BERNSTORFF SAYS WILLING TO STOP

WASHINGTON, Oct. 13.—The German Embassy is favorable to a discontinuance of all U-boat warfare on this side of the Atlantic, but will in all probability insist that the allied warships be kept from these shores as well, is the gist of reports received at this point this morning.

In the early spring, remonstrances were made to the allies with regard to the patrol of cruisers often within American waters, but at the time of the Deutschland's arrival, there were many ships within range of the harbor. One ship entered the three-mile limit, in her desire to capture the undersea merchantmen, and others played their searchlights along the shore. This was in spite of the requests made by this government.

The German Embassy expresses itself as more than willing to cease U-boat operations here, and in all events will do nothing to endanger American lives, more than allowed under international law. The cessation of activities by both factions on this side, will leave freer rein for the merchant divers of the Teutons to enter the harbor.

MEMBER OF COMMITTEE SEALED THE BALLOT BOX THIS MORNING

The Seal Will Not Be Broken Until 8 O'clock Tomorrow Evening—Secret Ballot From Now Until Final Result Is Announced.

Light Vote Cast Today Places Miss Sylvia Shields in First Place—Spurred On By the Splendid Rewards Contestants Making Last Supreme Effort to Win.

The final and supreme test in the big contest comes tomorrow. Are you prepared to meet it?

It is inevitable that those who meet the test with an adequate understanding of its demands and possibilities will benefit, and that those who drift aimlessly up to the finish will find their fortunes detrimentally affected.

Bear in mind, contestants, that all your subscriptions must be in the Register office at 8 o'clock tomorrow evening.

This morning at 10 o'clock the ballot box was sealed and the key turned over to a member of the committee in charge of the final count.

The ballot box will not be opened again until 8 o'clock tomorrow evening, when the final count begins.

No ballots will be placed in the ballot box from now on except by the contestants themselves. This insures an absolute secret ballot from now on.

lot box from now on except by the contestants themselves. This insures an absolute secret ballot from now on.

The vote score shown in today's paper gives the votes turned in by contestants up to 10 o'clock this morning and no further changes will be made in it—that is the vote standing will not be changed tomorrow.

Contestants are at liberty to cast all their votes at any time to suit their convenience, this evening, during the day tomorrow, or they may hold them until the closing hour at 8 o'clock tomorrow evening.

It would greatly facilitate the matter of counting if contestants would bring in their subscriptions as early as possible tomorrow and get certificates for them.

REMEMBER NO ONE BESIDES YOURSELF CAN KNOW ANYTHING ABOUT THE NUMBER OF VOTES YOU CAST FROM NOW UNTIL THE SEAL ON THE BALLOT BOX IS BROKEN SATURDAY EVENING AT 8 O'CLOCK.

SUBSCRIBERS ATTENTION

Those intending to favor contestants with their subscriptions or renewals, must have them in the Register office by 8 o'clock tomorrow evening. All such subscriptions will be

on down to the lowest district prize. You have no idea of what votes your competitor may have in reserve, nor has any one else, therefore you can only do your best to protect your own reserve votes.

As you all are well aware, the published vote standing shows only the votes turned in, neither you, the contest manager nor anyone else has any knowledge or control over the number of votes any of you may have in reserve.

Some of you may be holding back large numbers of votes that only you and your friends know of, and of

course only the final count can reveal the full voting strength of any of you.

Good luck to you all and may the most deserving among you, be the winners tomorrow night.

EXHIBIT FROM "WET" PAPER

The Sacramento Bee is fighting against the two "dry" amendments in a manner that is really hysterical. On the first page of the Bee a few days ago, however, there appeared the following news item played up in a prominent manner:

FATHER ADMITS SELLING BABY'S CLOTHES TO BUY LIQUOR

OAKLAND, Oct. 5.—William Norton, photographer, admitted on the stand today that he had sold his infant child's clothing for liquor. His wife also told the court that he disposed of a doll, the baby's only toy, for the same article. He was bound over to the superior court on a charge of failure to provide for minor children.

Could any better argument in favor of the "dry" amendments be found than this?

The Bee, however, is lending itself to the advocacy of a policy that makes it possible for fathers to sell their baby's clothes in order to buy whiskey. It ought to be proud of the fact—Riverside Press.

HARBISON GAINS

Reports of the progress of the campaign that R. C. Harbison, Republican nominee for Congressman of this district, is making are encouraging, and indicate that Harbison's methods of going out and laying his case and the Republican party's case before the people is meeting with approval.

Harbison is meeting the voters individually and collectively. He is telling them where he stands upon the things that are of consequence in this campaign. When he comes to this county next week, he will meet hundreds of men and women, and to them, as he has to others in other counties of the district, he will declare his convictions upon national issues in a fearless and straight forward manner.

The strength that Harbison has gained in his campaigning in Riverside and Imperial counties in the last ten days further tightens the argument that if this district is going to have a man in Congress the next two years who is in favor of national prohibition that man will be Harbison. It cannot possibly be J. S. Edwards, the Prohibition nominee. The fight is down to Harbison and Kettner.

A vote for Harbison will be a vote for national prohibition. A vote for Edwards will be one vote less for Harbison, the only man who is running who has any chance of defeating Kettner, whose vote at Washington was recorded against the Hobson amendment.

Among the farmers of the Middle West the tariff is a big issue. With wheat selling at 57 and 60 cents at country mills and elevators during the month before the European war broke out, the farmers had just enough of a taste of Democratic tariff legislation not to desire any more of it after the war closes. With wheat selling at a dollar in the same markets a month after the war was in progress, the farmer is not fooled as to the cause thereof. The farmer is for a preparedness for peace and he wants a friendly, not a hostile government in Washington to protect his interests along with that of the manufacturer when the war comes to an end.

Seeing Music

Do you know the color of your name or of your soul? asks a chromatic enthusiast who has gone bugs on the subject. She then explains that every sound has a distinct hue, and if a word is played on the piano, the word will be distinguished by both eye and ear. For instance, she says she can play "mother" so that the auditors will hear the word and observe royal purple, the same being the shade that is incited to visibility by the vibrations due to hitting "mother" on the ivories.

It is not necessary to say much concerning the matter. Let us pass lightly over the ill of the mentally afflicted. Besides, as is well known, it takes all kinds of people to make a world.

As to soul-color, considered as figurative, it does not seem so foolish. We have all known the soul that suggested ebullience or pale yellow.

Blackmailers

Operators of black-hand schemes have been considered pretty low in the scale of humanity.

Below them there is nothing but the educated blackmailer whose scheme is far more elaborate, but whose degradation is equally marked.

The jails are getting well filled with specimens of the latter class, the only objection to this being that it is rather tough for the comparatively respectable thieves, arsonists and assassins already there.

Infantile Paralysis

Now they tell us that infantile paralysis is due to tobacco.

Hence it becomes the duty of anybody who catches the baby smoking dad's pipe to take the pipe away.

Baseball Rules

I would like to have the revision of baseball rules.

The first change then would be abolition of the nasty spitball, and other trick balls, and the abolition of any pitcher who tried to ring these in.

On Pleasure Bent

J. P. Morgan's latest trip to Europe is said to have been for pleasure.

Well, there are people who visit the morgue for pleasure.

Dignity

This department takes no more part than a rabbit in the subject of politics.

However, noting the fact that a goodly part of the populace has become het up over a message sent to the White House by a private citizen, I desire to express the belief that the sending of such a message, regardless of its content or intent, was a piece of impertinence.

The President of the United States, whoever he may be, has a right to protection against the common scolds of partisanship.

A New Industry

Selling for alienation of the affections has developed into a regular industry. Small capital is required, and the whole paraphernalia for working the game is supplied by the courts.

Penalized

Lloyd's bet \$25,000 that rain would not fall in San Francisco on a certain day, and judged by meteorological records, was betting on a sure thing.

But rain did fall on that date. Well, if people will bet—however, in view of the fact that the parties of the other part won the money, the moral lesson slips away.

THE WEATHER

Generally cloudy tonight and Saturday. Westerly winds.

Maximum, 68; minimum, 43.

MARKETS

NEW YORK, Oct. 13.—Ten cars of oranges and one of lemons were sold here today. Oranges were from 10 cents to 15 cents higher and in a few instances were 30 and 35 cents higher. The averages were from \$3.51 to \$3.58. The highest for Old Mission was \$3.75, with lemons going 5 cents higher. The average was \$4.39. Weather, cloudy, with temperature of 57.

PUBLIC EXPENDITURES

By John S. Chambers, State Controller of California

PART ONE

Much has been said during recent years about the ever-growing governmental expenditures and the ever-increasing tax burdens, not only upon the part of the Nation, but also upon the part of the States, the counties and the cities as well. During the past two decades, especially the last, this drain has been particularly noticeable. Each year it has become heavier. There has been a marked expansion in the functions and cost of government. Expenditures have increased faster than population and in all probability faster than wealth or income. In this respect, at least, we appear to have solved the problem of perpetual motion.

How long will this condition of affairs continue? How long can the people carry the burden? What is wrong? What are the remedies? These and similar questions await answers. The first thing necessary, of course, is an intelligent study of the situation. Until we understand it, we cannot hope to know the causes and unless we know the causes we cannot apply the remedies. Here and there, fiscal officials have been and are doing earnest thought to find a great problem and aiding in the solution of it by giving publicity to their views. Likewise, National, State and local tax associations are studying conditions and to the best of their ability, generally speaking, throwing light upon the subject.

Educate the People

Under the various forms of government as they exist in this country—Federal, State, county and city—the people, in the final analysis, are held responsible for governmental results, including increases in expenditures and corresponding increases in the tax burden. That is to say, the people rule; they compose the court of last resort. As they decide, so must it be.

But while this is true, experience has demonstrated—and in the very nature of things it could not be otherwise—that it is far more true in theory than in fact.

While we are a government of the people, for the people, by the people, yet it is not possible for all the people, or any considerable portion of them, to keep in close touch with governmental affairs, to have a clear understanding of the complex developments constantly springing up, to exercise an intelligent supervision along all lines and thus act sufficiently in unison to control detail. Even if the inclination to do so existed upon the part of the people, it could not be gratified except in a limited way. They are too much engrossed, and largely necessarily so, in their private affairs, of supporting the family, is the controlling force. Not that this entirely excuses them because of indifference to or ignorance of public affairs, though it does to a large extent, more especially when we look back over the years and appreciate that their attitude is also influenced by tradition and custom, by the habit of considering public business as everybody's business or nobody's particular business, of drifting along.

And so the initial responsibility, after all, is not upon the people but only upon that portion of them as possess the inclination and especially the ability and the opportunity to study governmental matters, particularly the financial questions, and those who by reason of being officials owe a peculiar duty to the public. The first burden is upon them. If, when the facts are laid before the people, they fail to respond, then the responsibility is theirs. The need of the hour is the education of the people along governmental lines, especially financial lines, and we cannot hope for much relief from oppressive tax burdens until this has been accomplished, or at least is well under way.

Facts and Figures

Before attempting to discuss the causes of the heavy increase in expenditures or to suggest remedies, perhaps it would be well to lay the foundation by giving facts and figures not only as to California and her counties and cities, but also, by way of comparison, percentages as to the average of the other States and their subdivisions, and the Nation.

Totals

The total receipts of the State and its cities and counties for 1915, from all sources, was \$167,012,148 and the expenditures for all purposes \$176,422,681.

As the Controller's office did not begin to keep a record of the financial transactions of the State's subdivisions until five years ago, I can only give the percentages of increase as to receipts and expenditures for the cities

and counties for that period. One or two of my predecessors tried to gather data of this kind, but having no law, as we have now, to back them, failed.

State

The State's receipts from all sources in 1915 were \$29,830,182 an increase of 66.7 per cent in five years. The average of all the States for the ten-year period running from 1903 to 1913, was 94.3 per cent, California's increase in that decade having been 91 per cent, and the Federal Government's 45 per cent.

The State's 1915 expenditures for all purposes totaled \$36,529,593, an increase of 103 per cent for the five years in question, as against an average of 105.9 per cent for all the States from 1903 to 1913, with an increase in that decade of 115 per cent for California and 54.5 per cent for the Washington government.

California's percentages of increase for receipts and expenditures on the five-year basis is under that of the average of all the States on the ten-year showing, but for the decade quoted her expenditures are slightly over the average of the other States.

County

The counties of the State, exclusive of San Francisco, collected in 1915 the sum of \$68,457,388, an increase of 66.5 per cent in five years, as against 58.8 per cent, average ten-year advance, for all the counties of the country.

And the counties, in 1915, expended \$69,970,496, or 78.2 per cent more than five years before, as against 95.2 per cent, average, for all the counties of the various States of the Union in the ten years from 1903 to 1913.

California's Average

Summing up, taking California alone, her receipts, together with those of her counties and cities, increased in five years 60 per cent, while the combined expenditures increased 80 per cent.

The average of all the States for the ten years running from 1903 to 1913, including their subdivisions, was, as to receipts, 93 per cent, and as to expenditures, nearly 101 per cent.

I am not endeavoring to make out a "good case" for California especially, but rather to show that conditions of which we in this State complain are general. Apparently we are better off than the average, but this is on a five-year showing for us as compared with a ten-year showing for all the others. Perhaps if we had complete county and city figures for the decade, California would not fare so well.

But that is not the question. Even the increases as shown here—State, county and city—are certainly heavy

TRAINS KEPT MOVING

The Strike had been called. Railroad Presidents had ordered that no perishable freight be received at their stations for shipment, such as vegetables, fruits, butter, eggs, milk, etc.

What would that have meant to the laboring man and all residents of the cities? No work, no wages, untold suffering and possible starvation.

To business men it meant stagnation of trade, loss of millions of dollars and bankruptcy to many.

To the farmer it meant no sale of crops, hogs or cattle and their produce, the necessities of life, rotting on their farms.

Prompt action was necessary. President Wilson declared: "I stand for the Eight-Hour Day. Labor is not a commodity. It is a form of co-operation. That is the human side of it."

And he kept the trains moving.

While we were anxiously waiting for the outcome, a prominent local Republican said: "If Wilson prevents the strike we can't possibly beat him."

He did, and they can't.

HIGHER EDUCATION

Prof. Cranston Speaks At Initial Meeting of Intermediate P. T. A.

The first meeting for the school year of the Intermediate P. T. A. was held Wednesday afternoon with a good attendance.

Prof. J. A. Cranston gave a talk, which was of great interest to all. He made an urgent plea for higher education and spoke of the commercial value of grammar school and high school courses. The tendency of the industrial and commercial world is to raise the standard of employees. Statistics show the demand for educated employees is rapidly increasing, hence the importance of training.

The average wages paid the untrained employe per year is \$456; grammar school, \$650; high school, \$1000; college, \$2000. The higher one goes in education, the higher position and salary one receives.

Prof. Cranston also recommended neighborhood co-operation as necessary in "regulating the excessive use of moving pictures, automobiles and social functions," all of which unite a child for school duties. He highly complimented the association upon its high standard and what it had accomplished.

The cafeteria has proved a success and inquiries are received from all parts of the United States and even from the Philippine Islands in regard to the booklet, "Courtesies for Every Day," which the association compiled and published last spring.

Mrs. J. N. Anderson gave an address of welcome to the new teachers and mothers and the following musical program was rendered: Violin solo, Edith Fisher; vocal solo, June Harold; piano duet, Mildred Joyce and Mr. Garstang.

The president then appointed the following committees:

Cafeteria—W. C. Roberts, Mrs. J. N. Anderson, Mrs. Eckhardt.

Booklet—W. C. Roberts, Mrs. A. J. Crookshank, Mrs. Embree, Miss Peterson.

Building—Mrs. H. C. Dawes, Mrs. Allie Cain, Mrs. Goodwin.

Censorship—Mrs. R. J. Sweet.

Ways and Means—Mrs. J. N. Anderson.

Press—Mrs. J. E. Snow.

Reception—Mrs. J. C. Gilbank.

Historian—Mrs. R. J. Sweet.

Additor—Mr. Sunberg.

Program for November—Mrs. H. C. Dawes, Miss E. Brown.

Class Mothers—Mrs. W. D. Baker, chairman; section 1, Mrs. W. D. Baker; section 2, Mrs. W. D. Baker; section 3, Mrs. Gerhart; section 4, Mrs. E. M. Knight; section 5, Mrs. Pippa; section 6, Mrs. Robertson; section 7, Mrs. Asa Cox; section 8, Mrs. A. B. Dresser; section 9, Mrs. F. W. Taylor; section 10, Mrs. Bird; section 11, Mrs. Geo. Young; section 12, Mrs. H. C. Dawes; section 13, Mrs. S. H. Finley; section 14, Mrs. E. Davis.

It was decided that the hour of meeting will be from 3:00 to 4:30 p. m.

Honor Comes to Santa Ana Man

Ray Paul G. Stevens, the field secretary of the board of publication and Sunday school work of the Presbyterian Church in Southern California, who has been for three years president of the Orange County Sunday School Association, has been elected a member of the board of directors of the state association. This position carries with it honor and responsibility which it is certain Mr. Stevens, with his experience as a Sunday school worker, will fully sustain.

OUR CLUB

We're going to have the mostest fun!
It's going to be a club;
And no one can belong to it
But Dot and me and Bub.

We thought we'd have a Reading Club,
But couldn't, 'cause, you see,
Not one of us knows how to read—
Not Dot nor Bub nor me.

And then we said a Sewing Club,
But thought we'd better not;
'Cause none of us knows how to sew—
Not me nor Bub nor Dot.

And so it's just a Playing Club;
We play till time for tea;
And, oh, we have the bestest times!—
Just Dot and Bub and me.

AUTUMN EVENT

Mrs. G. A. Edgar, Mrs. J. Clyde Horton Hostesses to Company of Friends

Mrs. George A. Edgar and her daughter, Mrs. Clyde Horton, were hostesses yesterday afternoon to a large company of their friends at the beautiful Edgar home on Chestnut avenue. The rooms fairly glowed with a wealth of autumn blossoms in varying shades of yellow zinnias, calliopsis and exquisite dahlias. Each gave lavishly of their gold to enhance the attractiveness of the rooms.

Progressive whist was the afternoon's diversion, fifteen tables being utilized. The score cards were suggestive of approaching Halloween with their black cats, pumpkins and witches. The Halloween motif also pervaded the delectable refreshments that were served at the small tables at the conclusion of the games.

The hostesses were assisted in keeping score by Mrs. Edwin E. Barnes and Mrs. R. L. Bisby, and when the scores were read Mrs. H. T. Rutherford was awarded the trophy for the highest numbers. Mrs. R. R. Shafer was second. The consolation went to Mrs. M. E. Stephenson and the "lucky" prize to Mrs. Charles S. Kelly. The gifts were all beautiful pieces of china painted by Mrs. Edgar, a bit of whose work is so highly prized by her friends, and the boxes in which they were placed were little treasures in themselves, being daintily covered in yellow cretonne, with a lock of black witches flying gaily across them on their broom sticks.

Travel Club Luncheon

Travel Section No. 2 of the Santa Ana Ebull will meet Monday, October 16, at 1 o'clock sharp, with Mrs. Geo. Balderston, 221 South Main street, subject, "Alaska" (Roll call, Alaskan curios). Bring specimens if possible. All members who cannot be present are urged to send regrets promptly.

N. M. U. Club

A very delightful meeting of the N. M. U. Club was held last evening with Misses Mary and Eunice Whipple, the home being made cosy and bright with beautiful pink Maman Cochet buds.

The evening hours sped rapidly away with needlework and jolly chat and delicious refreshments were served before the members took their departure.

AT RUDOLPH HOME

Large Number Women Catholic Church Spend Afternoon With Charming Hostesses

The pleasant home of Mrs. John Rudolph was yesterday afternoon the scene of a delightful meeting of the Altar Society of St. Joseph's Catholic church, when Mrs. Rudolph and Mrs. Henry Hagerman were the hostesses. Red dahlias and roses were used for bright decorations and the afternoon was passed socially.

The secretary, Mrs. L. M. Doyle, gave a report of the money expended in furnishing the sisters' house and it was decided that each member would make some article to be disposed of during the Christmas season.

The hostesses, assisted by Misses Mary Maag and Anna Young, served sandwiches, coffee and cake.

Those present were the pastor, Rev. Fr. H. Eumelen, Meses Bradley, Kramer, Waite, Matthews, Fine, Pahey, Lopez, Rogers, Antone, Borchard, Leo Borchard, Oelke, Grohs, Klatt, Tuthill, George W. Young, Joseph Young, Thomas Doyle, L. M. Doyle, Hamann, Bevis, Wagner, Maag, Kreider, Schmiedebeg, Roeland, Alton; Misses Magrudy, Anna Young and Mary Maag.

—O—
Miss Graham Hostess
A charming little whist party was enjoyed last evening by the friends of Miss Carrie Graham, twelve guests being present to enjoy the pleasant diversion. The trophies were carried off by Harry Baade and Leslie Williams.

In honor of Elks' week, the decorations were purple and white, the color tones being carried out in the refreshments, which were served on a long table, centered with carnations.

Those present were Mr. and Mrs. George Wells, Meses Mary Matthews and Bradley; Misses Pauline Parsons, Margaret Wakeham, Inez Cloyes, Louise Cotant; Messrs. Charles Bressler, Leslie Williams, Eugene Douglass and Harry Baade.

Just a Mere Club

The members of this congenial little organization gathered together again yesterday afternoon at the home of Mrs. J. P. Browne on West Third street, after a space of four weeks without a meeting and the friends were glad to meet once more.

Mrs. Browne's pretty home has been renovated and re-arranged and the visitors were permitted to see the improvements and the remainder of the time was passed with needlework, croch and the enjoyment of a delectable three course collation.

The table held a magnificent centerpiece with a cluster of pink roses and ferns.

Those present were Meses Jack Cope, George Paul, Sr., L. Mann Hammond, J. W. Norton, J. J. Tavis, A. B. Watson, Charles Wolff and Miss Dorothy Newman.

Banquet Postponed

The banquet of the Woman's Benefit Association of the Maraboes, scheduled for this evening, has been postponed on account of the death of the record keeper, Mrs. Catherine M. Fischer.

Travel Club to Meet

The first Travel Section of the Ebull will meet next Monday, Oct. 16, with Mrs. J. W. Bishop, 1330 North Main street.

Going to Los Angeles take Crown Stages every 1/2 hour, round trip \$1.00.

Mrs. Irvin Greathouse left yesterday for her home in Delta, Utah; after a two months' visit with her mother, Mrs. Clara L. Wells.

Mrs. Ella Ballard Hams of Los Angeles was a visitor here yesterday. Newton B. Pierce was taken very ill last Wednesday and there is little hope for his recovery.

Mr. and Mrs. E. J. Kee of Turlock, who have been visiting the San Diego exposition, are now visiting at the home of Mr. and Mrs. Robert J. Brown, 925 East Chestnut. Mrs. Brown and Mr. Kee are cousins.

A. Y. WRIGHT NOW JUDGE OF SUPERIOR COURT

A. Y. Wright and family are now located at Douglas, Ariz., where he is judge of the superior court.

Mr. Wright and family were residents of this city for many years, leaving here about twelve years ago. They have a host of friends here who will be pleased to learn of Mr. Wright's success at Douglas.

Cecil Wright is here with the Foley & Durk shows, being in charge of the Dog and Monkey Hotel. He expects to have a similar show of his own next year, and will spend this winter at Seal Beach training a bunch of dogs for his show. He is meeting many old-time friends here.

S. A. PAINT STORE SOLD TO W. D. GIBSON TODAY

F. H. McElree's Santa Ana Paint Store has been sold to W. D. Gibson, a paint and factory salesman of wide experience.

Mr. Gibson has been traveling the coast for some years and decided, finally, that Santa Ana looked just a bit better than any other place.

After spending two months here he bought the business direct from the trustees. Associated with him is Robert H. Beck, formerly with the Los Angeles Wall Paper and Paint Store. Mr. Beck is a graduate chemist and knows the technical points of his business down to a fine point.

The address of the store is 312 West Fourth.

WEAK, AILING CHILD

Made Strong by Delicious Vinol
Lakeport, N. H.,—"Our little girl, 8 years of age, was in a delicate, run-down condition and had a stubborn cough so she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased and she is strong and well, and I wish other parents of weak, delicate children would try Vinol." Geo. A. Collins.

OFFICERS ARE NAMED, LEAD SUNDAY SCHOOLS

Bringing to a close the annual convention of the Sunday schools of the county which was held in Fullerton this week, the delegates elected officers for the ensuing year.

Rev. Kitzmiller, pastor of the Congregational church of Villa Park, was elected president; C. A. Crosby of Placentia, vice-president; H. J. C. Hend of Santa Ana, secretary; Mrs. R. W. Jones, Orange, treasurer; Mrs. A. H. Sifton, Fullerton, elementary superintendent; Ralph Cole, Orange, secondary superintendent; L. W. Little, Placentia, adult superintendent; J. G. Kennedy, superintendent of education; John Taggart, superintendent of administration; state committee man, E. S. Palmer, Orange.

One hundred delegates from all parts of the county attended the convention.

The convention next year is to be held at Orange.

The two-day Sunday school convention just closed at Fullerton was the greatest in the history of the county association. The program was well arranged, the speakers strong and the attendance fine. More than a hundred delegates from the various Sunday schools of the county applied themselves studiously to the task of mastering better methods for greater efficiency in the training of pupils both in and out of the regular Sunday school class. The half day California Dry program brought out helpful and inspiring suggestions tending to fortify the workers for the tremendous task of driving the rum curse from our borders, thus protecting our youth and rendering Sunday school work more effective. The display of Prohibition posters drawn by pupils of the Santa Ana Intermediate High School and brought together through the courtesy of Mrs. W. B. Tedford, was fine.

"The Hold of Liquor on the United States," drawn by Ana Martin, received first prize. These posters will also be on exhibition at the state convention soon to be held in Pasadena.

The convention closed with a spirited temperance silver medal contest put on by seven girls of the Fullerton schools. The nominating committee expressed the appreciation of the county to all out-going officers, particularly the president, Rev. Paul G. Stevens, who has given the county for several years the very efficient service of a busy man.

The time of arrival of the Transcontinental Hudson Super-Six has been changed from Monday at 2 p. m. to Tuesday, Oct. 17, 8 to 12 a. m. Everyone invited. O. A. HALEY, 210 North Main street, Santa Ana.

REFORESTATION MEETING AT ANAHEIM

Chas. E. Haas of Los Angeles Talks On Provisions of Proposed Bill

The Tri-Counties Reforestation Commission met yesterday at Anaheim, to consider the bill now pending presentation to the Legislature at its next session. Charles E. Haas, assistant counsel for Los Angeles county, made a speech on flood control, and outlined the acts that had been passed by the several legislatures, to handle this subject. Drainage acts were passed in 1880 and in 1881. These were declared unconstitutional in 1885, and another act was passed, which brings the legislation up until the present day.

Other acts have been passed for the drainage of agricultural and swamp lands. One project near Perris comes under this law and will be fifteen miles

in length. One of the largest projects under the Rominger Act is that of the Sacramento and San Joaquin rivers. Legal points have always been raised against these laws by those who claim riparian rights. Another pitfall has been through technical points raised each time. At one time it was impossible to bond for the improvements but these difficulties have now been overcome to a certain extent. The bill now being prepared to present to the next Legislature under the direction of the Southern California Flood Control Association is being prepared by Mr. Haas. The Ohio Conservancy Act was taken as a model and has assisted the men working on it to get their preliminary work along at a good speed. There are, however, differences between the two states and this has placed obstacles in the way of the framing of the act for California.

Under the California act it is planned that fifty men may call for the formation of the district by the supervisors. This would be under the control of the Board of Supervisors. This bill is objected to, due to the fact that fifty persons could cause a district with a population of fifty thousand and amount of trouble while a percentage of the voters would require more signatures for the presentation of the request to the supervisors.

Haas stated that the bill was not completed and that points of this kind would be acceptable to the men in charge so that it would be as near perfect as possible when presented to the Legislature.

One point in the bill is that a person may pay off his assessment within thirty days after notice has been given and thus not have to pay interest on bonds unless he wishes to do so. Conservation of waters was touched upon and it was thought in time that every inch of water would be used for power, irrigation and reforestation of the hillsides.

AT THE COURTHOUSE PLEADS GUILTY AND ASKS FOR PROBATION

Earl Dutton Files Answer Asking That He Be Given the Divorce

This morning Ralph Mayson pleaded guilty to passing two worthless checks at Orange. Furthermore, he told Judge West that his real name is George H. Hallowell, not Mayson. Hereafter, Mayson's name will appear on the records as Hallowell. Hallowell and his wife were at Orange for several weeks. They were leaving when Santa Ana officers arrested them. Today he pleaded guilty to giving a bad check to K. E. Watson and to giving another to John Eggers. Hallowell and his attorney, Bruce Mason of Los Angeles, asked that Hallowell be given probation. Judge West set the hearing of the petition for October 27.

Divorce Answer
Earl Dutton of Anaheim today filed an answer and cross-complaint in the divorce action brought against him by Mildred Dutton, who alleged non-support as a ground for legal separation. Dutton in his cross-complaint asserts that Mrs. Dutton was noisy and of violent temper. He says that on one occasion she picked up a milk bottle and threatened to kill him. Other alleged acts of Mrs. Dutton are recited in the cross-complaint, which was filed by Attorney R. C. Dutton.

Not Guilty Pleas
This morning George Bowen pleaded not guilty to a charge of picking a pocket at Seal Beach. His trial was set by Judge West for November 29.

Manuel Guerrero, charged with horse-stealing, pleaded not guilty, and will be tried on November 13. C. R. Allen is his attorney.

Juan Ramirez, one of three men accused of burglarizing J. C. Biggs' place at Delhi, pleaded not guilty. He will be tried on November 16. H. G. Ames was appointed to defend him.

Asks for Letters
Public Administrator Winbiger has asked for letters on the estate of Martin Henricksen, whose property is to go to his father, Loren Henricksen, living in Denmark. The estate is valued at \$1600. J. C. Burke is attorney for the petitioner.

Mechanic's Lien
Stradley & Newton have brought suit to foreclose a mechanic's lien for \$377, against H. W. Wilcox and the Casino at Seal Beach.

Foreclosure Case
Isabella Hahn has brought suit to foreclose a \$1500 mortgage against R. B. Luther, SR., and ten acres. R. C. Dutton of Anaheim is attorney for the plaintiff.

Inheritance Tax
State Inheritance Tax Appraiser J. N. Anderson has filed a report showing the estate of H. B. Heninger to be valued at \$45,992, and an inheritance tax of \$429.85 due from the heirs.

Interlocutory Decree
Judge West has granted an interlocutory decree of divorce to Emma J. Bull against Horace Bull.

Deficiency Judgment
A deficiency judgment for \$1437 has

been entered in favor of the First National Bank of Huntington Beach against Hecock.

Recorder's Office
An abstract filed here shows judgment of \$26 entered in Los Angeles in favor of E. N. Chickering against Ennia Sayre.

Notice of attachment is recorded in connection with a suit for \$4222 brought by C. M. Jordan against Anna G. Walters. Ranch property is attached.

A mechanic's lien has been declared by Consolidated Pipe Company against Benjamin W. Elliott, owner, and W. A. Borden, contractor; demand, \$1023.

Charge Is Made
M. Eltiste of Orange has complained that N. Goodwin got \$18 worth of wire and \$12 in money from him on false pretenses. He stated to the deputy district attorney that Goodwin represented that he was baling bean straw for J. A. Turner of Santa Ana, and that Turner would pay Eltiste.

With Pruning Shears
Gabriel Palacios has sworn to a complaint charging O. Waycha with disturbing the peace. Gabriel told Deputy District Attorney Koepsel that while he was at work on the San Joaquin Fruit ranch, Waycha attacked him with a pair of pruning shears.

Burglary Charged
Jack Aron is accused of burglarizing a dairy at Los Alamitos. He worked at the place, had a row with a foreman and was discharged the night the place was robbed. A shilling and mirror from the place were found on him. He said that two other men robbed the place, and that they gave him the shilling and the mirror. Aron is in jail here.

COUNTY FIREMEN TO ORGANIZE FOR JOINT BENEFIT

At a meeting of delegates from the fire departments of Anaheim, Orange, Fullerton, Huntington Beach and Santa Ana, held last night in the Balboa Drug Store, it was decided that a county organization, for the mutual benefit of each departmental member, would be formed in the near future. About forty delegates were present, representing the different districts. The organization will first take the shape of a social meeting, at which the lighter affairs general of the different departments will be taken up. As this grows, the organization will assume a more serious form, and will deal with the best methods of handling fires, and promoting efficiency in the different departments.

The first meeting to be held will take place next Friday night in the Santa Ana Fire Hall. Three delegates from each community will be present, and at least one member of the Board of Trustees. The details of organization will be worked out at that meeting.

RANCH BOUGHT BY S. A. V. I. CO.

Fifty Acres Secured May Later Be Location For a Pumping Plant

The Santa Ana Valley Irrigation Co. has bought a fifty-acre ranch in the Santa Ana canyon above Peralta from Frank True of Santa Ana. This ranch was developed by True, and was a fine property until it was hit by the flood last winter. The flood turned many acres of splendid orchard into river bottom. That same flood washed out several hundred feet of S. A. V. I. Co. canal, which had to be replaced with a flume.

It has been the intention of the directors of the company to protect the flumes by putting in about 1000 feet of piling, for which it would have had to get a right of way from True. It also desired to do other protective work. When True offered to sell the place, the directors considered his proposition reasonable, and the deal was closed.

The company will plant willows between the piling and the flume and canal, and by owning the property can do more effective work than would otherwise be possible.

An important feature in the purchase is the fact that it gives the company another splendid location for a pumping plant, which at some future time may be established on the True ranch.

AMUSEMENTS

West End
Dangling over the East River from the roadway of a bridge is not Owen Moore's idea of a good time, but that is what he did for some of the scenes in the Famous Players adaptation of Edgar Selwyn's celebrated comedy-drama, "Rolling Stones," in which he is co-starring at the West End Theater with Marguerite Courtot. Moore decides to commit suicide and then as suddenly decides to postpone the festivities—then the complications begin. See this big laugh provoker tonight and tomorrow.

At Clune's
Everybody was well pleased with the bill at Clune's last night. The vaudeville numbers have plenty of "pep." The variety of musical novelties given by Clarice and Grogan is good. Miss Clarice is a harpist, violinist and vocalist of great talent. Mr. Grogan, who is totally blind, is a marvel on the piano as well as on the other musical instruments he plays. Miss Sadie Sherman, in phototypes, showing people in different attitudes, when they have their pictures taken,
